

Benefit from support of experts in **EPR/extended producer responsibility**

take-e-way already supports more than 8,500 companies of 47 nations and is also **your solution for product responsibility and compliance**, regardless of whether you are a **producer, distributor, importer, seller, store operator or compliance manager** in a large company.

We support you in putting your **electronic devices, batteries and packaging** onto the market in Germany and worldwide in a legally compliant way.

We currently register electronic devices **in 35 different countries** (also NON-EU) in accordance with the WEEE directive, batteries and packaging ordinance for our customers.

Do you need specific advice?
